REDEFINING FINANCIAL EXPERIENCES

ABOUT THE COMPANY

Hrishi Khemka

Rupee Khemka

BUILT ON NUMBERS. ROOTED IN VALUES. POWERED BY FAMILY.

At Expressworks, finance isn't just business — it's deeply personal. Born from loss and adversity, our journey began when a mother and son were forced to rebuild after losing their family's anchor. What could have broken us, built us. Through resilience and clarity, we transformed our hardship into purpose.

Today, we blend India's timeless financial wisdom with global best practices to offer accounting, payroll, and planning services. But what truly sets us apart is our lived experience — we've walked through financial storms and emerged stronger.

That empathy fuels everything we do. We don't just deliver services; we build trust, offer guidance, and walk beside our clients with both heart and strategy.

For entrepreneurs, leaders, and businesses seeking more than just numbers — we're your partner in clarity, growth, and transformation.

At Expressworks, your success isn't just a transaction. It's our mission. It's our story. And we're in it together.
